About the Department

Department of Computer Science and Engineering was established in the year 1991. CSE department offers B.Tech. (CSE), M.Tech. (CST) and Ph.D. programmes. The department was recognised as research centre by JNTUK who allocates research scholars to guides recognised by the university. The department has all the necessary infrastructure, highly qualified and experienced faculty for a better teaching learning experience to students. The courses offered in the department meet the requirements of both industry and research. The faculty members are collaborating with institutions like Bennett University, Neterich-Hyderabad, TCS Ion and Opsramp Inc. for research and consultancy. The projects worth Rs. 1.68 crores are either completed or ongoing which are funded by DST, AICTE and UGC, international funding agencies and sponsored by college also. The department attracts high quality students. The department has impressive placement record with 327 placements with highest package of Rs. 8 lakhs per annum. 6th IEEE Advanced Computing Conference was hosted by the department of CSE in 2016 which attracted 1160 papers for review. The department celebrated its Silver jubilee in the year 2016.

About the Workshop

AngularJS was a JavaScript-based open-source front-end web framework for developing single-page applications. It was maintained mainly by google and a community of individuals and corporations. It aimed to simplify both the development and the testing of such applications by providing a framework for client-side model-view-controller and model-view-view model architectures, along with components commonly used in web applications and progressive web applications.
