Online Education

1. Does all programs/courses were completed on time.	No
2. Measures taken to complete the syllabus of courses and programs.	The COVID 19 Pandemic was unprecedented and unforeseen incident that happened to us and shattered all our regular lives. The Pandemic has affected the teaching and learning community more than any other sector. It is really a difficult task to conduct classes for the students to deliver the content online in a more effective and efficient manner. To meet the ends Sagi Rama Krishnam Raju Engineering College (SRKREC) has taken many measures for conducting the online classes.During the initial days the teaching faculty used online platforms such as Zoom, Google Classroom and delivered their content through Power Point Presentations (PPTs). Some of the faculty members recorded their lecture videos and shared the video content to the students by uploading them in a YouTube channel. However, the Zoom platform was unreliable because of security issues and also limited time duration. The YouTube videos provided onlyasynchronous learning for the students and were not interactive. To overcome these problems a team of SRKREC Faculty and students have developed indigenously an online Moodle platform" My College Learning (MCL)" for content delivery and content sharing through lecture materials, videos and weblinks related to their respective courses. MCL ensured authenticity of the users by allowing only the userswith institution mail id. Further a next level security is provided by giving the host permissions only to the faculty members who are taking the course. The students and faculty felt very happy as it is convenient to conduct classes for the faculty and it is easy for the students to access the resources related to the courses. The course assessment was also done using MCL by publishing quizzes and assignments. The grading of quizzes and assignments was also made using MCL. Though every care was taken to deliver the lecture to all the students, a few students found it difficult to be present in the online class because of internet issues as they were residing in the remote villages. To help these students the online lectures were recorded and are shared with them through MCL. WhatsApp groups are formed to know their difficulties in understanding their subject and to motivate them to get engaged in online learning. The attendance for the online classes is regularly monitored through MCL and the class teachers constantly contacted the students who are irregular to the classes and have taken necessary stepsto ensure their presence for the same. To summarize SRKREC did its best to impart quality online education to its students amidst the Pandemic.
