Online Education

1. Does all programs/courses were completed on time.	Yes
2. Measures taken to complete the syllabus of courses and programs.	In the light of COVID-19, the education sector is more affected than any other sectors. Students are unable to attend the classes and practicals. In technical education, the students must apply the knowledge which they learn from lectures in practicals. The situation forced the colleges to adopt the online education. Though it is a big challenge to the college, the Principal and HODs of the departments immediately provided the requiredInformation and Communication Technology (ICT) facilities, furnished ZOOM links and thus encouraged the faculty to deliver the lectures through online. Academic calendar is revised as per the guidelines of AICTE and JNT University, Kakinada. All the faculty prepared Power Point Presentations along with some video presentations by the guidance of senior faculty. Some faculty prepared video lectures as well and shared the information through YouTube channel. The team of our faculty and students have developed indigenously an online Moodle platform called "My College Learning (MCL)" for content delivery and content sharing through lecture materials, videos and weblinks related to their respective courses. MCL ensures authenticity of the users by allowing only the users with institution domain mail id. Further, a next level security is provided by giving the host permissions only to the faculty members who deal with the course. The students and faculty felt very happy as it is convenient to conduct classes for the faculty and it is easy for the students to access the resources related to the courses. The course assessment is also done using MCL by publishing quizzes and assignments. The grading of quizzes and assignments is also made using MCL. This platform also provides the students attendance with timestamp. The class teachers easily identify the irregular students and counsel them and ensure that they attend the classes. Though every care is taken to deliver the lecture to all the students, a few students found it difficult to be present for the online classes because of various internet issues as they reside in the remote villages. To help these students, the online lectures are recorded and shared with them through MCL. WhatsApp groups are formed to know their difficulties in understanding their subject and motivate them to get engaged in online learning. The HODs regularly monitored the online classes and guided the faculty to complete the syllabus uniformly as per the Academic calendar. The faculty did their best in conducting the lab experiments online. The syllabus is completed as per the academic calendar. The internal examinations, labs and semester-end examinations are conducted in offline mode by strictly following the standard operating procedures. The exams are also conducted without any delay. To summarize, SRKREC did its best to impart quality online education to its students amidst the Pandemic situation.
3. The period of delay in completion of syllabus (in months).	0
