

ABOUT SRKR ENGINEERING COLLEGE

Sagi Rama Krishnam Raju Engineering College, established in 1980, is a self-financed academic institution of coeducation striving to provide a high quality technical education to engineering aspirants. Being one of the premier and well-established technical institutions of the country, it continues to render service to the nation and the world at large with its alumni holding highly prestigious positions and making substantial contribution. It was an autonomous Institution (UGC Approved) and permanently Affiliated to Jawaharlal Nehru Technological University Kakinada (JNTUK). The college is replete with lush coconut trees spanning across a plot area of 30 acres at China Amiram, Bhimavaram, on Bhimavaram-Vijayawada state highway and it is also well-connected to all other places by road and rail transport. Over the years, the college has established itself as a premier institution imparting technical education of a very high standard leading to the B. Tech. degrees in 8 branches of engineering, P.G degrees in 6 specializations and 7 Ph. D. programs. S.R.K.R. Engineering College was established with a mission to develop the institution into a world-class centre of excellence in the field of technical education that fosters research and essentials of employability and strives for pre-eminence amongst the premier institutions with high commitment to the socio-ecological well-being of the nation.

ABOUT THE DEPARTMENT

The Department of Electronics and Communications Engineering was established in the year 1980 with an intake of 35 which was subsequently raised to 240 over a period of time. The department is presently offering 4 year B.Tech program in ECE, 2 year M.Tech program in Communication Systems and Ph.D. program. The department was Accredited four times by NBA. It was recognized as research centre by AU, Visakhapatnam and JNTU, Kakinada. The department has student chapters of professional bodies like IEEE. IETE and college level ISTE, which conduct various student technical activities. Students of ECE participate in National level technical paper and hardware competitions being organized at various other colleges and some of them are awarded with prizes.

***INNOVATIVE TEACHING & LEARNING
METHODS FOR INSPIRING STUDENTS***

(ITLMIS-OCT2020)

12th to 17th October 2020

Organised by

DEPARTMENT OF

ELECTRONICS AND COMMUNICATIONS ENGINEERING

ABOUT THE PROGRAM:

The purpose of online STTP (Short Term Training Program) on “Innovative Teaching & Learning Methods for Inspiring Students” is to provide an opportunity to distinguished teachers/researchers to engage with young faculty members and share their experiences and perspectives relating to teaching .

OBJECTIVES

1. To provide an understanding of innovative teaching learning methods.
2. Enhance the teacher’s awareness of their strengths and limitations in modern teaching.
3. Innovative methods and strategies to improve student engagement, motivation and attainment.
4. To train the teachers in interactive and Non-formal education learning activities.
5. To train young academicians to upgrade their knowledge and skills in teaching.
6. To train the teachers in outdoor education for personal, social and relational development.

OUTCOMES

The participants would be able to :

1. Explore innovative methods of teaching and learning.
2. Acquire the knowledge from experts which would percolate to the students and ultimately benefit them.
3. Appreciate the challenges and limitations ahead in the teaching learning methods.
